THE TEST THAT TELLS

Is the Test Of Time. Many Norway People Have Made This Test

Years ago this Norway citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Norway reader demand more convincing proof? It's Norway testimony—it may be investigated.

S. E. Bradford, prop. of laundry, Main St., says: "For some time I had a dull pain through the small of my back, together with a tired feeling. I couldn't rest well either, when a friend advised me to take Doan's Kidney Pills, I got a supply at F. P. Stone's Drug Store. After I used two boxes, the pains and other symptoms disappeared and there was a great improvement in every way. I have had no kidney trouble since."

Four years later Mr. Bradford added: "I still have confidence in Doan's Kidney Pills as it hasn't been necessary for me to use a kidney medicine since I took them."

IN MEMORIAM ALBION LORIN MCKEAN

Fading away like the morning, We had no power to keep, Passing from earth and its tolling, He lieth in peace asleep.

Seem our spirits so much farther Since our dear one went away, Visions clearer, Heaven is nearer For the parting of to-day.

Soon we all may follow after, Still we miss him more each day, Miss his sunny face and laughter, Miss the words he said and say.

'Tis from the day of his birth, We know that his friends were legion Because of his smiling mirth.

Fair his brow and just as tranquil And the life serene and mild, As when they were young and blissed, From a darling wife and child.

Dear lips that first lapped "mother" Make that only mothers know, Loyal to father, sisters and brother, With a heart as pure as the snow.

Softly the snowflakes were falling, Hiding the light of our tears, When we heard a sweet voice singing, "Only remember me to your dear ones."

Fell on our hearts like balm, God bless the dear, sweet singer, Whose words had such power to calm.

All in vain, the storm may sweep, Since Heaven is our goal, There is no sleep, no grave so deep That can hold the happy soul.

We know the dear body departed, Safely lies under the sod, His spirit released, is delighted In Heaven, and praising God.

LYDIA LORD SHEPHERD, North Waterford, Me.

OWN YOUR OWN HOME
Own your home is the slogan nowadays and a good one too. Why don't you do it?
Don't think that you require a very large bank account to do it. If you have enough to make a reasonable first payment on a suitable small place, and cannot make satisfactory arrangements with the present owner, go and have a heart to heart talk with your banker about it. Even if he can't do it himself he probably knows of somebody who would be glad to invest in a little place and sell it on the easy payment plan. Such an investment, with the certainty of getting his principal gradually back with interest, would appeal to many a man. We are taking it for granted that your credit is good; if it is you are the man we are talking to.

Now we will suppose that the preliminaries are over and that you are settled in your own home. You are a householder or now, with a feeling of pride and responsibility. You have a garden, a shrubbery where and when you wish. You make your little garden. You putter about in your spare hours, and improve or repair your house. Whatever you do enhances values of at least keeps them up.

There is no necessity of asking any one whether you may or may not do this or that. You have the independent and contented feeling of a man who has really a stake on the face of the earth.

And your children—they will have a real home. It will be a home that they can look back to with remembered happiness. Moving from one place to another does not tend to building up character. A settled home with all its accessories does.

Convinced? Then go and look up your home.

POTATO MOSAIC

Potato mosaic is a difficult disease to study, for in spite of careful work on the part of a number of plant pathologists, both in this country and in Europe, its cause and the method of spread have long remained a mystery. In fact it is a problem similar to that of influenza and certain other diseases of man. Until these facts are known it is difficult, and often impossible, to recommend means of control. The pathologists, while not neglecting those phases of the work that might have an immediate practical bearing, have concentrated upon the fundamental questions of what causes potato mosaic and how it is carried from plant to plant. They feel that they have solved the last named question.

It has been demonstrated conclusively that the minute greenish insects called plant lice are guilty of carrying potato mosaic from one plant to another, much as mosquitoes carry yellow fever of man, or as lice on human beings carry trench fever.

**Carrying a Ton a Mile for less than a Cent**

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$260 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars. The freight on it has increased only 5½ cents. Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5½ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

HAVE YOU SCROFULA?

Now Said to Be as Often Acquired as Inherited.

It is generally and chiefly indicated by eruptions and sores, but in many cases it enlarges the glands of the neck, affects the internal organs, especially the lungs, and if neglected may develop into consumption.

It causes many troubles, and is aggravated by impure air, unwholesome food, bad water, too much heat or cold, and want of proper exercise.

Hood's Sarsaparilla, the medicine that has been used with so much satisfaction by three generations, is wonderfully successful in the treatment of scrofula. Give it a trial.

If a cathartic or laxative is needed, take Hood's Pills—there is nothing better for biliousness or constipation.

Z. L. MERCHANT**Advance Showing of Spring Models**

There is a distinct satisfaction in being among the first to see the new modes as they appear at the beginning of the season.

More especially is this true of the Spring season when blizzard weather has become irksome and impatience for the warmth and brightness of the early Spring days seems to take possession of us.

There is an advantage too in being first to view the new tailored Suits, Coats and Dresses, especially so here where such care is exercised in selections as will preclude the possibility of duplication.

It has often been noted that the very choicest of the new models are taken early and assurance is given that these early selections do not again appear during the whole season.

Some quite radical changes are noticeable, but they are most beautiful and will, we feel certain, be much admired.

The many shopping advantages which this store continually offers are sharply reflected in the large and splendid stocks of merchandise carried.

Not only a full and very complete representation of all that is new and attractive, but it will be seen that prices are lowest, quality considered.

LOVELL

Keniston-Lamb

A very pretty wedding took place at the home of Mr. and Mrs. Henry B. Farrington, 19 Church St., Gorham, Me., Saturday evening, Feb. 21st, at 8 o'clock when Frank Earle Keniston and Gladys Charlotte Lamb of Haverhill, Mass., were united in marriage by Rev. Stanley Carver of Gorham. The single ring service was used.

The bride was given away by Mr. Farrington. The bride was charming in a gown of white satin and pearls. The groom wore the conventional dark suit.

Mrs. Keniston is the youngest daughter of Mrs. Lamb of Haverhill and a sister to Mrs. Currier of that city, a graduate of Lowell Normal School and a teacher in Haverhill this year.

The groom is the second son of the late Frank A. Keniston of Lovell, and went to Haverhill in 1915 as an apprentice to the firm of Currier Sons, contractors, of that city. He later served in the Naval Aviation Corps and at close of the war returned to Haverhill and has been associated with Mr. Currier.

Mr. and Mrs. Keniston will reside in Haverhill and Mr. Keniston will enter the firm with Mr. Currier. Out of town guests were Mrs. Bertha Keniston of Bethel and Hazel M. Keniston of Freeport, mother and sister of the groom.

Lots of people are sick here now, public meetings are cancelled until the sickness abates.

Mrs. L. W. Cushman was called to Waterville by the sickness of her mother, Wilson O. Brown of Fryeburg, who recently passed away, was a Past Grand of Kezar Valley Lodge I. O. O. F. and a Past C. P. of Lake Kezar Encampment in this town.

Mrs. Hattie McAllister, wife of Marshall C. McAllister, passed away at her late home Sunday night, Feb. 22, after a short illness with bronchial pneumonia. She was a member and worthy matron of Delta Chapter O. E. S., Noble Grand of Sabatius Rebelek Lodge I. O. O. F. She is survived by her husband, father, Henry D. Walker, and one sister, Mrs. Addie Andrews.

EAST FRYEBURG.

The school held a box social at the Grange hall, Feb. 13. Notwithstanding the very bad night there was a good attendance and all boxes and mystery packages sold. Over twelve dollars was added to the school league fund.

At the regular grange meeting on Friday, Feb. 20, the following candidates were given the 1st and 2nd degrees, John Manchester, Lewis Walker, Amelia Sanborn and Leona Pike. It was voted to hold a slave sale and box supper on Saturday evening, Feb. 28. The grange closed to give an opportunity for an exhibit by the school of physical drill, spelling, reading, etc. There was a large display of drawings, flowers and salt maps and specimens of handwriting. This was followed by a discussion of teachers' salaries, consolidation of schools, remodeling schoolhouses, school libraries, amount of money the town should be asked to raise for support of schools and opened by Mr. Clement, supt. of schools, and responded to by several others. A very interesting session. Popcorn and corn balls were served.

On Feb. 17, J. J. Pike, the oldest man in town and in this vicinity, passed his 87th birthday. Owing to the bad traveling the expected guests were unable to be present at the expected dinner to be held in his honor. Many congratulations were received.

Mrs. Wm. Smith is reported as improving. Mrs. Amelia Sanborn is suffering with a bad cold.

Mrs. Ada Harnden has returned from an extended visit to South Road, Denmark.

Norman Libby of Bridgton with his friend, Algonzo Dyer of Brunswick, were the guests Sunday night of Mr. and Mrs. C. H. Warren, Mt. Agna cottage. They were on a skiing trip.

Interesting Case of Miss Baird

Sick Four Years, Tells How She Got Well

The case of Miss G. I. Baird of 30 Glenville Avenue, Allston, Mass., may bring new hope and health to other sufferers who have stomach worms and do not know what is the matter. A letter from this sufferer tells the story:

"I have been sick almost two years, had four doctors with little or no relief. Some of the doctors said I had enlarged liver, nervous digestion, too much acid in my system. I was so tired in the morning it seemed as though I could not get dressed and get to work. I was growing thin every day, went from 135 to 111."

"I was so discouraged I didn't know what to do. One night about three weeks ago, I picked up a paper and saw your Dr. True's Elixir, Family Laxative and Worm Expeller, advertised. I made up my mind I had worms and the next day bought a small bottle of Dr. True's Elixir and took three teaspoonsful until I had taken the bottle."

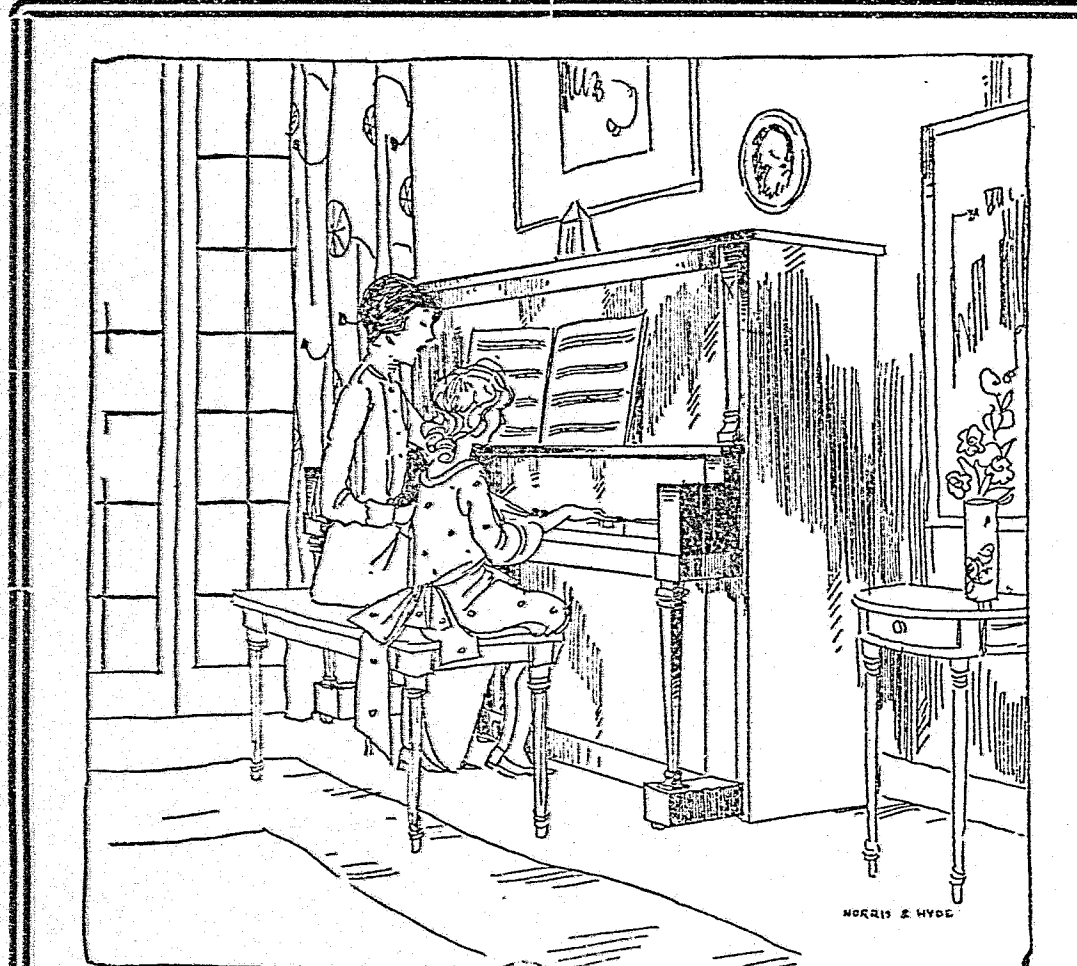

"I was surprised at the result. Pinworms, some a finger long, so much slime, some that looked as though it was just the skin of worms. The day before I took Dr. True's Elixir I thought I should go wild with the crawling in my stomach. I could feel them. My stomach was sour all the time and some days I could not retain what I ate, while other days couldn't keep anything on my stomach. I coughed so just the minute I went to bed some nights I would not sleep more than one or two hours. The second dose stopped the crawling and the second night I didn't cough."

"I feel like a new person, all my friends say I look so much better, but I don't need to have them tell me, for I know my feelings. I wouldn't have believed anyone could feel so much better

Miss Baird of Allston, Mass., Knitting

The medicine mentioned in the above letter is made by Dr. J. F. True & Co., Auburn, Maine, and is called Dr. True's Elixir, the Family Laxative and Worm Expeller. On sale everywhere medicine is sold. Recommended by many druggists who have used it in their own families.

BATES—WEST PARIS

Pomona Grange

Tuesday was a good day for Pomona and a good 200 from the various subordinate granges were present. There were eight candidates who took the Pomona or 5th degree. After a bountiful dinner which was one of the enjoyable features of the day, the following program was enjoyed: Address of welcome by F. L. Wyman; response by the Asst. Steward, Saunders of Newry. Mr. Pike, the blind singer, sang in his clear, sweet tenor voice two pretty songs which were appreciated by all. Mr. Dudley, who was expected to speak was sick and unable to be present, but Prof. G. A. Yeaton of Norway came and gave a very interesting address on orcharding, illustrating methods of grafting, budding and pruning and answered various questions from the same.

Richard Gates brought to mind the recent death of Hon. John A. Roberts, commissioner of agriculture of Augusta, and eulogized his memory as one who would be greatly missed in the grange. Resolutions on his death were drawn up and read at this time, which were adopted by the grange.

Warren Stearns gave two piano solos. Two humorous readings were given by Earl Hollis. There were also two piano selections by Sidney Brown of West Sumner. The program closed with mixed chorus of about fifteen voices chosen from the Franklin, Pleasant Pond, and West Paris granges, who sang "Italia."

Mrs. Emily Field

Word has been received of the death of Mrs. Emily Field, a former resident here. For the past year or so she has been keeping house for her brother in Bath and just recently had moved back here to her home but had gone to Bethel for the rest of the winter with her daughter, Mrs. Ira Swan, where she was taken sick with influenza and pneumonia and died Wednesday.

The funeral is to be held at East Bethel, Friday at 1 p. m., remains brought here for burial. Mrs. Field was a member of West Paris grange. Mrs. Field was the widow of the late Ernest Field. She leaves two daughters and one son, Mrs. Ora Swan, Doris Field and Keith Field.

Sunday evening the Union Temperance meeting was held in the M. E. church. The program was given by the members of the local W. C. T. U. The general theme was the victory of the 18th amendment, the outcome and future prospects of it. A chorus of white ribbons led the praise service.

Mrs. F. H. Hill went to Norway Saturday to attend the funeral of her brother, Franklin Peckard.

Herbert Hill was home over Sunday from Portland, where he is attending Business College.

Mrs. Laura Dinsmore of Norway is spending this week at home with her parents, Mr. and Mrs. F. H. Hill.

Bert Lang has bought the residence of Dr. I. F. Staples. Their intention is to rent it for the present. They are planning to make a winter home here after certain changes are made.

Principal Blaisdell was sick a few days last week and unable to attend his school work.

Mr. and Mrs. C. L. Ridlon went to Brattleboro, Vt., on account of the sickness of her sister, Mrs. Harold Dunham. She returned with them Friday night.

Mrs. Abner Mann recently visited relatives in Portland.

Mrs. A. D. Coburn is in Franconia, N. H., for two weeks, with her aunt, who is sick.

A. D. Coburn and F. P. McKenney were in Rumford and Dixfield last Tuesday and Wednesday. Mr. McKenney purchased a horse in Rumford.

Mrs. George Young, who has been sick was taken to the hospital Saturday, for treatment.

The basketball game that was expected Friday was given up. The roads were so drifted and bad that the Mexico teams were afraid to start out. The high school went to the schoolhouse and enjoyed a sociable time.

Something happened here Friday afternoon that has not happened for more than twenty years. The west bound train due here at 3:45 was stalled, stuck in a snow drift below Jackson's Crossing. Snow had drifted in there six feet deep for a quarter of a mile. It finally rived here at about 11 p. m. at the same time an east bound freight was stalled near Bryant Pond.

Saturday an all day Grange meeting was held. Three candidates were taken into full membership. A good program was enjoyed.

Mrs. W. S. Austin of South Paris visited her sister, Mrs. S. T. White, over night, Tuesday, after attending pomona.

Herbert P. Andrews expects to take his first trip this spring to Montpelier after horses. He plans to start early next week.

Some talk has been made to continue basketball for a time after the high school schedule is finished, Friday. A strong independent team composed of players from the high school and promising material from other sources would keep up an interest in the sport until baseball weather closed the deal.

Mr. and Mrs. Napoleon P. Roy have returned from Keen, N. H., where they have been employed in a shoe factory during the winter. Mr. Roy is in the Carroll, Jefferson Co. factory.

Albert P. Pike of Bethel is visiting his sister, Mrs. Merrill Fuller. According to Mr. Pike this snow may last well into the spring. Fifty-eight years ago he worked on a farm up in town and on April 20 and later the winds and fumes were covered. Still walking on snow was a common practice every day. A storm brought some twelve inches of snow after that date. Clear up!

Men of the Congregational parish assigned the parts Tuesday evening for "Mrs. Jarley's Wax Works" to be exhibited at their entertainment in the near future. This will be purely a theatrical show with various contrivances suggested by many prominent men in town. Of course the lamented Mrs. Jarley will not delineate in person, but her mantle has fallen on another who will explain and expand the interesting characteristics of each and every wax work.

Alton Perkins of Allen Hill, Oxford, was in town Tuesday, looking for trades as usual. Traveling down his way was good considering the storm, but has given up hauling wood until a path can be cleared to the pile some distance from the main highway.

Harriet Crigin, who teaches at Rockland, Mass., has had a raise in her salary of \$200, beginning with the first of March which makes a salary of \$1,400 a year.

Sergeant High of the Portland army recruiting office is spending a few days in town representing the adjutant general of the army, and is looking up recruits. The drive for recruits which began Feb. 1st, continues until the first of April.

Mrs. Hattie Baker and Reta Frost of South Paris spent the week end with Mr. and Mrs. Willis A. Walker and family, and Mr. and Mrs. Herbert C. Walker at Auburn.

Mail was hauled over from South Paris Tuesday morning which arrived from Portland about midnight. This was the first intercourse over the railroad with outside towns since Saturday forenoon. Stalled trains everywhere blocked the Grand Trunk line. All schedules were declared void Saturday afternoon, Sunday and Monday with nothing but plows and relief trains running when possible. The oldest inhabitant can't recall an exact duplicate of these conditions.

Mrs. Ernest C. Murch is ill at her home with liver trouble.

Never in the history of the local shoe industry have the makers been flooded with personal call for their products. Never before has so many people used shoes in their journeys in quest of groceries, to attend school and churches or to go to and from their places of business. During the past few weeks snow shoes have passed from an item of luxury to a convenient necessary and energy conservator.

Mrs. Simon Richardson is able to be out again and can do her work after having her arm and wrist so nearly broken. She went to step out of the kitchen door and a large stick of wood was left there by Mr. Richardson. She was thrown with great force on her arm and chest with bad results. If she walks much, she faints away. She had to give up her work in Portland.

Mrs. Charles Dolan and little son Rodney have returned to their home in Portland. She stayed a while longer after her visit to her mother, who was hurt, as she could not use her hand and arm.

On Sunday evening, March 14th, a photodrama entitled "The Victim," a production of the Catholic Art Association of Boston, will be presented at the Rex Theatre, under the auspices of Father Cassidy, for the benefit of St. Catherine's Church. The fourth Sunday in Lent is styled in Catholic liturgy "Laetare" Sunday, from the Latin word meaning "rejoice" and on that day flowers are placed on the altar and the ornaments instead of the penitential purple, are of rose color. The faithful are invited to rejoice in that half of the Holy Season has been well spent, in fasting, in prayer and in other good works. It is a suitable day for the presentation of a photoplay capable of inspiring Catholics to know and love their religion better, and of inspiring non-Catholics to regard with greater respect and esteem the teachings of the old mother church.

Mrs. Mark Wormwood of Sanford will be the guest of Catherine Martin, Sunday. It is expected that she will preside at the piano at the Rex Theatre Sunday evening.
